SieDeup lite 服务产品

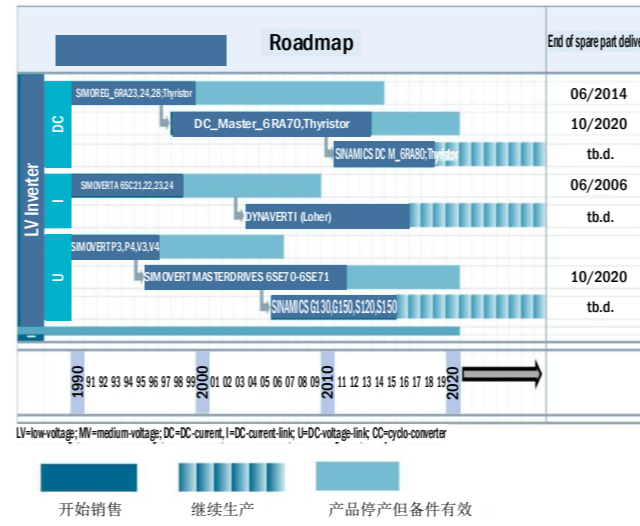

- 服务核心** 以整体服务包的形式，帮助客户实现西门子驱动产品MASTERDRIVES 6SE70 一揽子升级到最新SINAMICS S120系列产品
- 实现方式** 结合现场运维，以备件更换形式替代保持原柜不变，掏瓢形式实现分步驱动升级
- 产品内容** 驱动功率匹配 配套选件选型 驱动参数自动转换App (免费工具提供) 驱动安装适配套件 (柜内原位置固定) 现场功能调试
- 使用效益** 定制化预算匹配，分步实现产品升级换代，技术更新解决MASTERDRIVES产品退市带来的备件问题 安装适配套件可实现最小化现场停机时间 免费参数转换工具快速方便自助调试

**服务对象** 适配现场变频及逆变装置替代需求(暂不适用整流装置)  
订货MLFB 9MC+原装置型号 MLFB - Z  
标准配置包含有功功率单元，CU320及CF卡 (其他选件需选配如TM31,SMC 等)

# SieDeup lite Service Portfolio

## The service core

in the form of an overall service package, helps customers achieve Siemens drive product MASTERDRIVES 6SE70 package upgrade to the latest SINAMICS S120 series products

## Implementation method

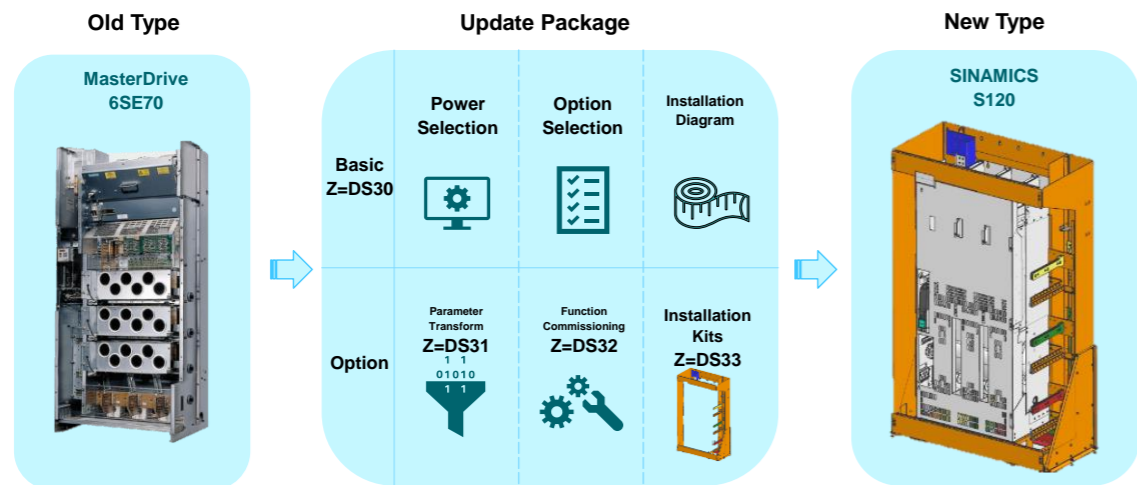

combined with on-site operation and maintenance, replaced by replacement of spare parts Keep the original cabinet unchanged, and achieve step-by-step drive upgrade through the form of picking

## Product Content

Driver Power Matching; Option Selection; Driver Parameter Automatic Conversion App (Free Conversion Tool); Driver installation adaptation kit (fixed in original position inside the cabinet); on-site functional debugging

## Product Benefit

Customized budget matching using benefits, step-by-step implementation of product upgrades and technological updates; Solve the spare parts issue caused by the discontinuation of MASTERDRIVES products; Installing an adapter kit can minimize on-site downtime; Free parameter conversion tool for quick and convenient self debugging

## Service objects

Suitable for on-site frequency conversion and inverter device replacement needs (currently not applicable to rectifier devices); Order MLFB 9MC+original model MLFB-Z

The standard configuration includes a power unit, CU320, and CF card (other options need to be optional such as TM31, SMC, etc.)
